FORMER CAPE SKIPPER DIES

CAPTAIN JAMES D. KELLEY Nov. 29, 1929

LONE SEA TRIPS ARE RECALLED

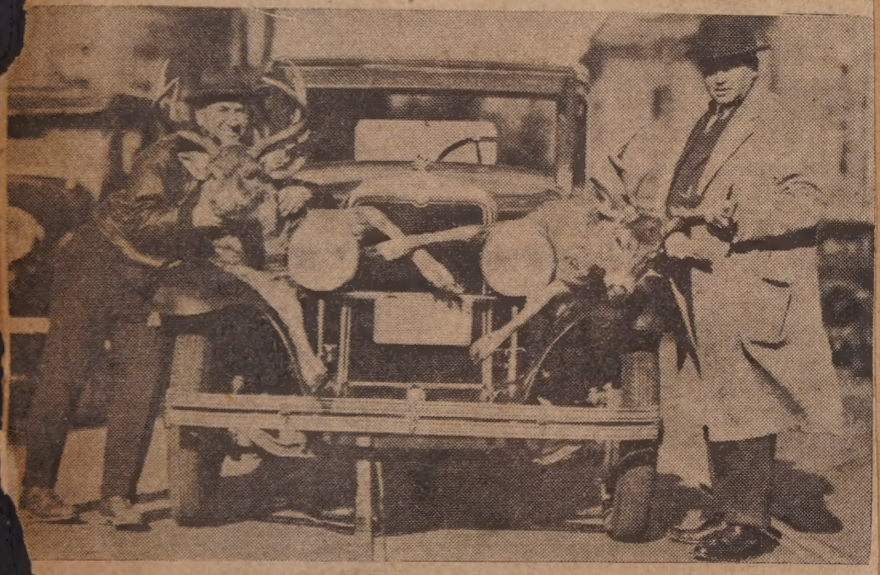
Captain James D. Kelley, Familiar Figure About Centerville, Dies at 89—Health Vigorous Until End

[Standard Cape Cod Bureau]

Centerville, Nov. 29—Captain James D. Kelley, 89, a retired sea captain and one of the best known figures on Cape Cod, died yesterday. Captain Kelley was born in Centerville, the son of Prentiss and Caroline Scudder Kelley. For many years he made his home with his daughter, Miss Carrie M. Kelley. Captain Kelley enjoyed vigorous health and took long walks and went fishing alone in his dory until recently. He was a picturesque figure with flowing white beard and, rain or shine, carried an umbrella to protect his complexion. He was well known at Craigville beach.

The funeral will be held Saturday afternoon at 2, and burial will be in Beechwood cemetery, Centerville.

EACH HUNTSMAN GETS HIS DEER IN MAINE



Fred Fontaine and George Emin

Mr. Fontaine, 1039 Belleville avenue, left, and Mr. Emin, 45 Cedar street, Fairhaven, right, and the two they shot last week while on a hunting trip in the Maine woods. The deer, weighing 204 pounds and ounds, were shot near Portage lake. This is the fifth consecutive year that Mr. Fontaine has brought a deer in Maine, but the first year he and Mr. Emin have hunted together. Nov. 25, 1929

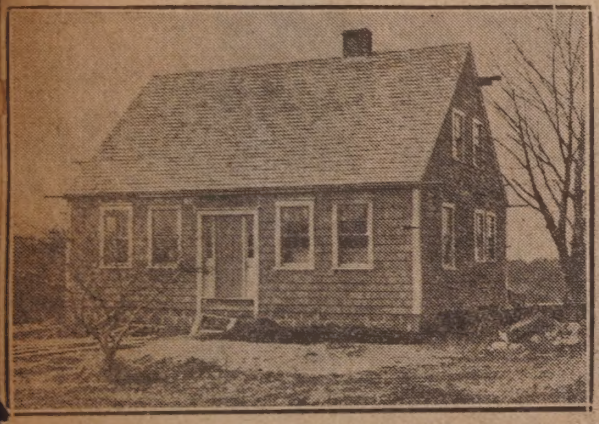
Cory, 86 Grant street, was drum major of the New Bedford High school band at the Thanksgiving day football game at Sargent field. Miss Cory is active in school sports. She has been a cheer leader for two years and last year was the captain of the championship girl's basketball team. She is a junior. Nov. 29, 1929

BOYS HELP IN BUILDING HOUSE



WILLIAM MacKENZIE RESIDENCE

This residence, erected this year for William MacKenzie, Sloyd instructor in the Dartmouth public schools, has an added interest in that the house was built by Mr. MacKenzie with the aid of his three sons. It has a beautiful location on Norcroft street, South Dartmouth, No. 7, and it embodies many features that were desired by Mr. and Mrs. MacKenzie and their children. Mr. MacKenzie found an efficient assistant in his son, William, 15, his oldest boy, while the two younger boys, John and Robert, twins, also lent their help.

This is a Cape Cod colonial cottage. There is a large living room, in which there is a large fireplace, and other rooms downstairs include the kitchen with a breakfast alcove, two chambers and a bathroom. There are two chambers upstairs for the boys. In the rear of the house there is a two car garage.

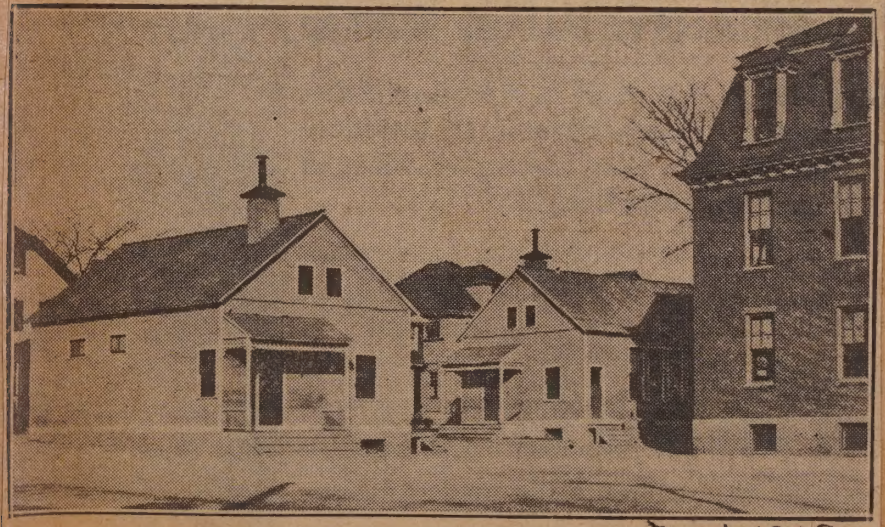
NEIGHBORS COMPLAIN OF PORTABLES



Dec. 1, 1929

Parker Street District Aroused Over These

Superintendent of Schools Allen P. Keith has asked Mayor Ashley to decide what is to be done with three portable schools for which the department no longer has any use. Two of the portables are at Parker Street school and the third is at I. W. Benjamin school. The portable buildings are deteriorating rapidly because they are not in use and the mayor feels they should be disposed of soon. Neighbors have complained several times of the appearance of the portables at Parker Street school, contending, they spoiled the looks of the district. The three portable buildings in question are among the oldest which the School department has.

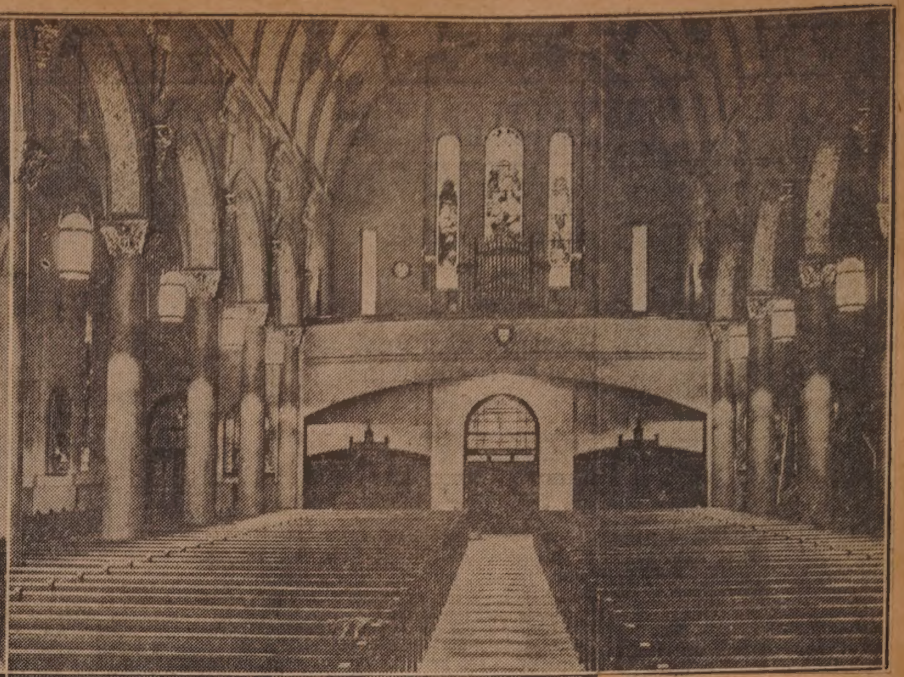
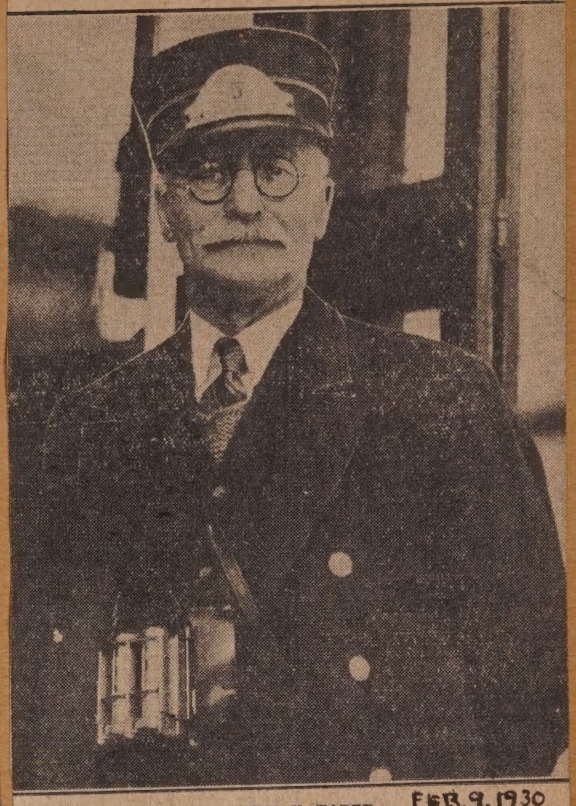
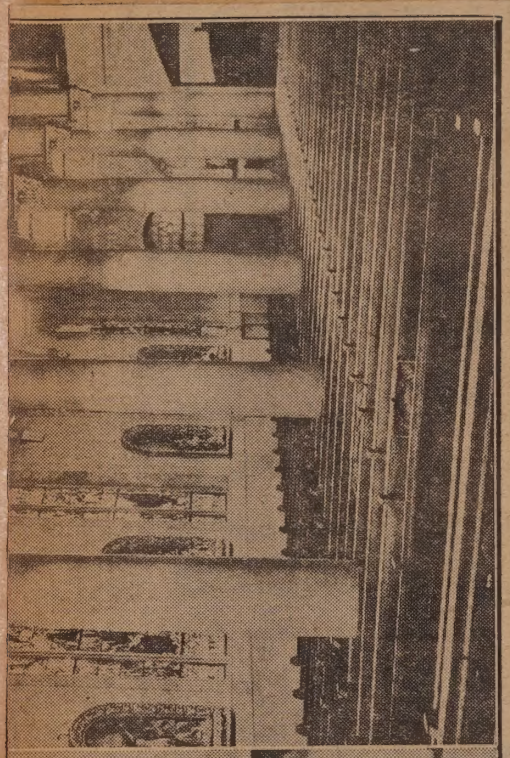
NEW BEAUTIES OF CHURCH TO BE SEEN ON CHRISTMAS DAY



HAS NOTABLE RECORD



ARTHUR F. TABER. FEB. 9, 1930



Our Lady of Mt. Carmel Auditorium Redecorated

Interior decorating of Our Lady of Mt. Carmel church, Rivet and Bonney streets, was completed this week. Services will be held in the auditorium Christmas day for the first time since work was started the latter part of August. During this time services have been held in the basement. The entire nave has been repainted, new lighting fixtures have been installed, and a new elevated pulpit has been constructed. Upper left shows nave and sanctuary. Upper right shows the nave taken from the altar platform. Lower left, shows the new pulpit in the right front corner of the church. The redecorated arches and lights are shown at the lower right. Each of the lights has 500 watt power. Invisible spotlights have also been focused on the altar. The Rev. Antonio P. Vieira is pastor of the church, and the Revs. Angelo Amaral and Theophilo Oliveira are curates.

Norman Charette, 280 Central avenue, caught two of the biggest fresh water eels at Smith Mills pond recently, ever seen in this section. Each 42 inches in length. Placed on the scales together, the total weight nine pounds.

ICE · HARVEST BEGINS AT MATTAPOISETT

Cakes 7½ Inches Thick Are Cut

Jan. 30, '30

The recent cold weather has made it possible for the renewal of ice cutting activities in this vicinity. Here are scenes in Mattapoisett, where ice was being cut yesterday for Dennis Mahoney with a thickness of 7½ inches. The New Bedford Ice company is waiting for ice to become 10 inches thick before starting cutting.

SOCIAL MENTOR

Jan 12, 1930

Warren Delano Robbins Is Grandson of Late Fairhaven Man

Warren Delano Robbins, grandson of the late Warren Delano of Fairhaven, has been appointed social mentor at the White House. He succeeds James Clement Dunn. Mr. Robbins is the present American minister to Salvador. He holds his legal residence in Fairhaven. The social mentor handles all matters pertaining to ceremony and courtesy. When royalty and foreign dignitaries visit the United States, arrangements for their reception and entertainment are made by the social mentor. Preparations for miscellaneous appointments and presentations of ambassadors and ministers at the White House, questions of diplomatic immunity and arrangements for all international conferences are referred to him.

The division settles questions of precedence for puzzled hostesses. It explains that ambassadors and ministers must be seated at dinners ahead of congressmen and the speaker of the House ahead of the Cabinet and members of the Senate. It serves as an authority on other formalities important in capital social life.

In the past these matters have been referred to various heads of geographical divisions in the department.

Mr. Robbins is a cousin of Governor Franklin D. Roosevelt of New York.

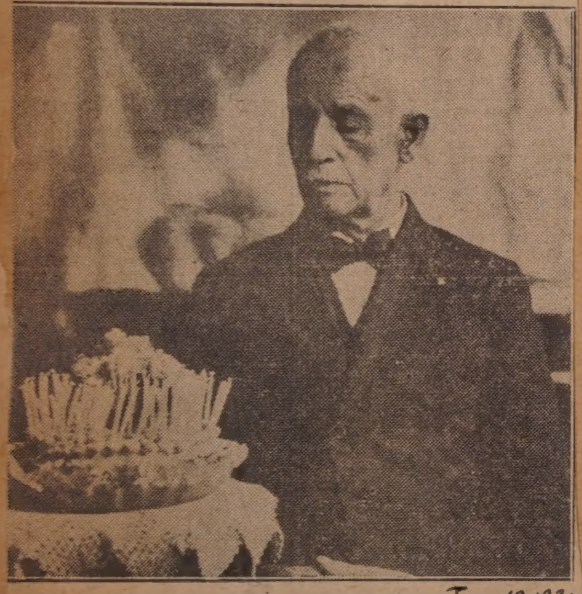
NOW HEADS HOLMES MILL HERE

DANIEL R. WEEDON FEB. 16, 1930

Mr. Weedon, who lives at 414 Chestnut street, Waban, was elected president and treasurer of the Holmes Manufacturing company this week, succeeding, respectively, Charles L. Harding and Charles M. Holmes, both of whom yielded their posts after having held them since the corporation's organization 20 years ago. Mr. Holmes has been elected vice president to serve in an active advisory capacity with offices at the mill here over whose destinies, Mr. Harding said, Mr. Weedon will have absolute control. The new chief is a native of North Carolina and has spent several years in the textile machinery business.

OBSERVES 79TH BIRTHDAY



DANIEL H. GIFFORD GETS CAKE Jan. 19, 1930

Mr. Gifford, 1016 Pleasant street, celebrated his 79th birth-day last Thursday at his home. A large birthday cake was made by Miss Nellie Schofield and presented him by her and Mr. Gifford's brother, Charles A. Gifford, 220 North street. Daniel Gifford is employed by William R. West as a top roll coverer.

HILL AND CUTLER STACK CAUGHT TOPPLING

Jan. 19, 1930

Last of Z. B. Davis Plant Disappears

Six years after the fire which destroyed the Z. B. Davis plant, of which it was a part, this tall smoke stack on land belonging to the Hill and Cutler company, cotton waste plant, on Pearl street was taken down Friday morning. The big chimney was toppled over because it was considered unsafe and unsightly. Taylor and Wood, contractors, did the job by removing some of the bricks at the base and sliding blocks of wood in their place while the stack was steadied, then soaking the wood with oil and burning it out from under the chimney. Moving pictures of the process were taken by Hill and Cutler officials.

COMPOSE NEW TEXTILE SCHOOL SOCIETY

January 12, 1930.

Day Students Talk Chemistry at Night

Under the leadership of Fred E. Busby, chief of the chemistry department at the New Bedford Textile school, these day students have just formed the Chemistry society which holds regular meetings at the institution nights to discuss developments in the world of chemistry. They are, from left to right, John T. Allen, Springfield, president; Emile LeBeau, 59 County street; Stanley I. Allen, 88 Newton street, secretary; Albert Scaccia, Franklin; Joaquin LaCosta, 153 Acushnet avenue, treasurer; and Edward Friedberg, 273 Purchase street.

POPS CONCERT CHAIRMAN

FEB. 27 '30

MISS MADELINE B. JAMIESON

Miss Jamieson, daughter of Captain and Mrs. H. J. Jamieson, 52 Walnut street, who will be graduated next June from New England Conservatory of Music, Boston, was chairman in charge of the Pops concert given Feb. 24, at George Brown hall, by the Sigma Alpha Iota sorority. She gave an exhibition waltz with her brother, Edgar Jamieson, entertained with a tap dance and played the violin in a string ensemble.

OBSERVES HER 99TH BIRTHDAY

MAR. 2, 1930

MRS. CAROLINE P. BINGHAM.

Mrs. Caroline P. Bingham observed her 99th birthday at her home, 254 Arnold street, Saturday. Mrs. Bingham, despite her great age, is able to be about upstairs and maintains an interest in current events. She is the last of her generation, outliving all her brothers and sisters and her only son, Forrest E. Bingham, who died some time ago. Mrs. Binghams's only relatives are nieces and nephews in the West. She was born in Erie, Pa., and has lived in Ohio, California and in Somerville, coming to New Bedford about 10 years ago.

REACHES 92D BIRTHDAY

March 14, 1930

MRS. MARY ANN HARTLEY

Mrs. Hartley observes her 92d birthday Saturday at her home, 321 Shaw street.

WILL REPRESENT NEW BEDFORD IN DEBATE

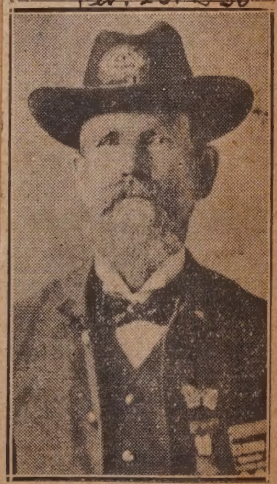
March 14, 1930

TO ARGUE NEGATIVE SIDE.

When Wheaton students and industrial girls of the Y. W. C. A. meet here Saturday to debate the topic, Why Have Labor Organizations, New Bedford will be represented on the negative team by, left to right, the Misses Mary Mitzen, Mae Gelder, Nora Ouimette, and Gladys Beard, chairman.

HARWICH VETERAN

Feb. 25, 1930



RALPH CUMMINGS.

Mr. Cummings, oldest resident of West Harwich and last surviving Civil war veteran, died in that town Saturday afternoon. Funeral services today were in charge of the American Legion.

BLAZE IN UNION STREET BLOCK GIVES FIREMEN TWO HOUR FIGHT

Second Floor Shop Suffers Feb. 3, 1930

Exterior of the building at 139 Union street, owned by William L. Shapiro, the interior of which was damaged in a two alarm fire today. Hugh H. Lewis, proprietor of the Messenger press is shown surveying the damage to his place, on the second floor.

BIRTHDAYS RARE FOR THESE YOUNGSTERS

Wee Quaternary Celebrants FEB. 28, '30

No wonder the little lad at the left looks sad. He won't have a birthday until 1932. He and the other two youngsters whose pictures are shown are Leap year babies. The boy at the left is Joseph Allard of 82 Mott street. He was born Feb. 29, 1924. In the center is Mary Tremblay, 272 Davis street, who by rights should be having two candles on a birthday cake this year. But she can't because she was born Feb. 29, 1928. At the right is Edward G. Lyons, 15 Ocean street. His daddy is a clerk at the post office. Edward was a 1924 Leap year baby.

HISTORIC BEGINNING— Mar 23, 1930

The first crew of Onset Fire district at its organization in 1894. The district since has grown to become the pride of the village, with an enviable record.

CHARLES TRAVERS HAS SPEEDY CRAFT

Fishing Boat Is Named Madame X

Feb 25 '30

Here is shown the fastest fishing vessel in these waters. The 60 foot sloop rigged boat of the fisherman type, powered with two 200-horse power Sterling engines, built by Major J. Casey at his Fairhaven boat building plant, was recently delivered to Charles Travers. The latter, it will be recalled, was the sole survivor of the Black Duck tragedy, when three men lost their lives aboard the liquor laden boat that was under fire from a Coast Guard patrol boat off Newport last December. The power equipment in this craft will send it at a speed of 19 knots an hour. This is about three times the speed of the ordinary fisherman type of craft. Madame X is its name. After having tied up here for a short time the boat is now at Newport.

HE MAKES IT GO

Edward L. Waybrant, 390 N
street, has been engineer of
Wamsutta since the sloop
here a year ago. Oct 5 1

STUDENTS TRY TO WREST MORE OF NATURE'S SECRETS

March 24, 1930

M. I. T. Erects New Instruments at South Dartmouth

In a new meteorological observatory on the estate of Colonel E. H. R. Green, Technology men will conduct an intensive survey of the cause and nature of fogs in an effort to aid aerial navigation. Top left shows the laboratory where studies of the physical and chemical characteristics of fog are being made. Top right illustrates the rain gauge, which operates electrically, registering precipitation in hundredths of inches. Bottom left is a view of the mechanical and electrical devices which aid in making daily forecasts. The instrument on the top of the mast records wind direction and transmits it electrically to dials in the observatory. Below it is an electrically operated device which gives instantaneous readings of wind velocity. Bottom right shows an instrument for finding the height of the "ceiling." By sighting along the pointer to a spot on the nearest cloud formation, the observer is able to determine the height of the clouds, information of great value in aerial navigation. In the background is one section of the Round Hill airport.

Nov. 14, 1930

Will Be Warming House in Winter

Skaters at Buttonwood park are to have a warming house for their use this winter. The pavilion on the edge of the pond is being remodeled for a warming house as shown in this picture. The work is being done by Park department employes and Vocational school pupils. The structure is being so arranged that the windows, put in now, can be removed and the house used as a pavilion in the summer. At the last meeting of the Park board, Superintendent of Parks Everett B. Sherman was authorized to go ahead with the work. The remodeling, which will not be expensive, is being paid for with funds from the Park department appropriation.

CHURCH CENSUS TAKERS FAVOR COMMUNITY CENTER IN FAIRHAVEN

Representatives Would Attract Youth to Religious Life

FEB. 25, 1930

Workers in the church census just completed in Fairhaven are shown in the photo. In the first row, left to right, are: Cora Westgate, Helen Stowell, Elizabeth I. Taber, Louise Stevens and Mrs. W. F. Dammon. In the second row are: Mrs. George A. Greene, Mrs. A. C. Aiken, Marion Shurtleff, Jennie Stowell, Mrs. Mary Winslow, Miss L. Florence Grinnell, Mrs. L. W. Murray, and Mrs. Charles F. Prior. Shown in the third row are: Mrs. L. G. Mitchell, Mrs. F. E. Busby, Mrs. Elmer Stevens, Mrs. Henry A. Gifford and Mrs. C. A. Axtell. In the fourth row are: Mrs. F. J. Davis, Mary C. Taber, Francis Roos, Eleanor Daley, Mrs. William McMeehan and Mrs. George F. Braley. In the rear row are: The Rev. W. H. Parker, pastor of the Unitarian Memorial church; the Rev. C. L. Griswold, pastor of Center M. E. church, and Mr. Maddaford.

NEW BEDFORD WHALING CAPTAINS WHOSE SHIPS WERE BURNED BY CONFEDERATE PRIVATEER SHENANDOAH

Feb 10, 1930

CAPT. F. C. SMITH, Ship Wm. Thompson. CAPT. M. TUCKER, Ship Sophia Thornton. CAPT. J. C. HAWES, Ship Euphrates. CAPT. THO. B. HATHAWAY, Ship Milo. CAPT. T. W. WILLIAMS, Bark Jireh Swift.

CAPTAINS OF THE WHALESHIPS

Captured and Burned in the North Pacific on the 21st and 22nd of June, 1865, by the Rebel Cruiser Shenandoah, the last act of expiring insolence.

PHOTOGRAPHED BY BAILEY & RULOFSON, SAN FRANCISCO.

(By ARTHUR C. WATSON.)

An old photograph which has recently come into the possession of the Old Dartmouth Historical society shows five captains of New Bedford whaleships who had one bitter experience in common—the loss of their vessels at the hands of the Confederate privateer Shenandoah during the late spring of 1865. Four of them watched their ships set on fire after the capture, and they all returned together from Behrings Sea to San Francisco. Upon their arrival in San Francisco they posed for this picture.

Left to right they are: Capt. F. C. Smith of the ship William Thompson, Capt. Moses Tucker of the ship Sophia Thornton, Capt. J. C. Hawes of the ship Milo, Capt. Thomas B. Hathaway of the ship Euphrates, and Capt. Thomas W. Williams of the bark Jireh Swift.

The Shenandoah was the most notorious of the Confederate privateers which preyed upon American shipping during the Civil war. On her North Pacific cruise in 1865 she captured 38 whaleships, burning 34 of them and releasing the other four under bond so that they might carry home the captured crews.

The episode in the Shenandoah's cruise which concerns the five captains in the photograph took place on the 21st and 22nd of June off Capt Thaddeus. When the Shenandoah arrived on those whaling grounds she already had on board the officers and crew of the ship Abigail of New Bedford, a vessel that she had captured and burned nearly a month before at the entrance to the Okhotsk Sea. Several of the Abigail's seamen, however, joined the Shenandoah's crew ,and among these was the second mate who agreed to act as pilot and to direct the course of the privateer to the whalers in the vicinity. At that time there were about 60 vessels in the North Pacific fleet.

On June 21st the Euphrates was captured. Captain Hathaway told afterwards that, when he first saw the Shenandoah, she was flying the Russian flag. He was suspicious, however, and tried to escape, but was soon overhauled. The Shenandoah was one of the speediest vessels afloat. She was not strongly armed and would have been an easy job for a man-of-war to destroy, but she could rely upon her speed both to flee from hostile war-vessels and also to overtake the whalers. She was a full-rigged ship, 250 feet in length, with steam power.

Early the next day, the Shenandoah captured the William Thompson and set her on fire. A few hours later the Milo was captured, and Captain Hawes was informed that his vessel would be saved but that he would have to sign a $46,000 bond for his vessel and cargo and he would have to take on board the Milo the crews of the Abigail, the Euphrates and the William Thompson. Captain Hawes, though he did not see how he was to feed such a large number of men, had to comply with orders. And what made his problems even more complicated was that in the afternoon of the 22nd two more whalers were captured—the Sophia Thornton and the Jireh Swift.

Captain James I. Waddell of the Shenandoah was by no means a bully. Captain Hawes afterwards said that the Confederate was "pleasant spoken, and polite and gentlemanly in his manner." However, his activities aroused intense indignation among the American whalemen, as well they might, for the war was over, Lee had surrendered, Richmond had been taken, and President Lincoln assassinated. Captain Waddell was informed of all these facts by the whaling masters, but refused to believe what he heard.

By evening of the 22nd all the American crews were on board the Milo, including the crews of the two latest victims—the Sophia Thornton and the Jireh Swift. Captain Waddell held up the burning of the Thornton long enough for the whalemen to get a supply of provisions out of her. In the bustle of that operation Captain Ebenezer Nye of the Abigail lowered two boats from the Milo, manned them, and escaped through the fog. He had gone to warn the other whalers in the vicinity of the presence of the Shenandoah.

On the next day, the 23rd, the Milo left the scene of destruction with her load of about 180 officers and men. Just before she left, she saw the Shenandoah capture the brig Susan Abigail, a trading vessel belonging to San Francisco. Later, the Milo spoke a French whaleship and asked the foreign captain to warn any vessels he might come across. It was particularly requested that he keep an eye open for the Mt. Wollaston of New Bedford, known to be within 15 miles of the spot. The Mt. Wollaston escaped, as events proved, and had many more years added to her whaling career before she was finally lost in the Arctic in 1876.

A contemporary printed inscription beneath the group photograph refers to the event of wholesale capture as "the last act of expiring insolence." Feelings against the Confederate cruisers ran very high in the maritime cities. Those vessels were often referred to as "English pirates," since they had been equipped in England.

SCHOOL POSTERS AND DRAWINGS DISCLOSE RARE TALENT

Jan. 26, '30

Attractive Designs in New Bedford High Exhibit

Excellent work has been done in the drawing classes at New Bedford High school during the past semester. The Standard today reproduces some of the posters and drawings made by High school pupils in the classes of William D. Riseborough, drawing instructor. (1) Poster of the West at upper left was made by Delores Sylvia. The poster at upper right, Holland, was done by Helen McLeod. The lower row shows three splendid examples of book jackets designed by class members. Alone was done by Edith Taylor, Brassbounder by Margaret Howes and Speed by Edmund Otis. (2) Treasures, the poster at upper right, was done by Dorothy Rose. India, at upper right, was made by Mildred Ferguson. In the lower row are three examples of free brush work. The one at the left was done by Elizabeth Wood, that in the center by Preston Cunningham and that at the right by Holmes Hurll. (3) The examples of copy and design row in the upper row were done by Virginia Ashley. The book cover designs in the lower row feature Roman lettering. The one at the lower left was done by Marion Gibson and Lacing was designed by Margaret Irvin. (4) The two drawings in the upper row are in charcoal. The child's head was done by Mildred Ferguson and the teapot, by Dorothy Roebuck. Examples of designs of central balance are shown in lower left hand corner. The first set is by Wanda Zajac and the second by Lena Potter. The charcoal drawing of a bunch of fruit at the lower right is by Phebe Huggins.

PLAY, TRUTH ALWAYS, HONORS WASHINGTON

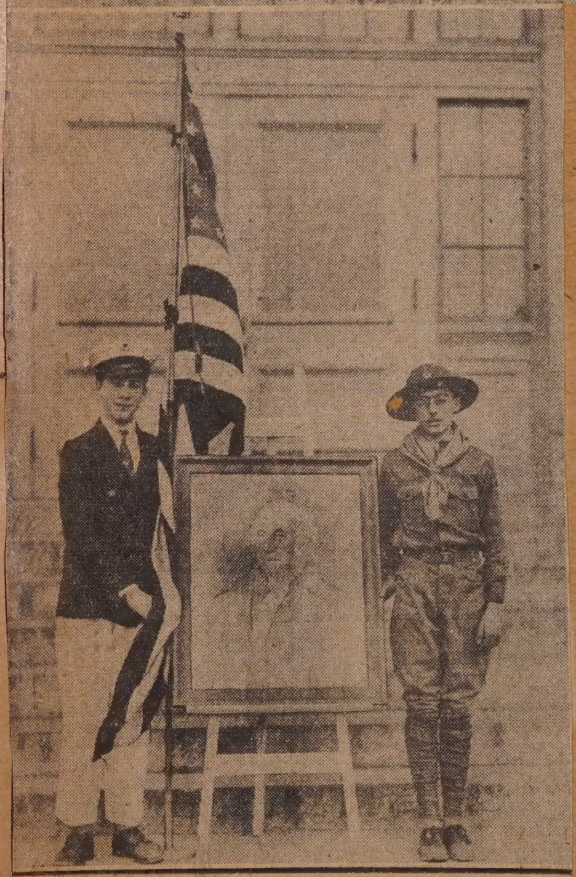
FEB. 23, 1930

IS PROMOTED

May 2, 1930

LIEUTENANT MAXFIELD

First Lieutenant Gordon C. Maxfield has been raised to that rank from the rank of second lieutenant in the 241st CA (HD) Battery F. He lives at 91 Bridge street, Fairhaven, and is employed by C. A. Maxfield, plumber, in this city.



MT. PLEASANT PUPILS IN TABLEAU.

Washington day exercises including a play, The Truth Always, were held at the Mt. Pleasant school Friday afternoon by pupils between grades 6A and 8B. At top, reading from left to right, are: Hyman Cohen, costumed as one of Washington's friends; Dorothy Fell, southern mammy; Dorothy Margeson, Washington's mother; John McLaughlin, another friend; and in front, Wallace Kelley as George Washington. A tableau was also presented by, left to right, Sidney Geffen and Stanley Epstein. Songs, a piano solo by Harriet Kaplan, and a reading by Thelma Gregory completed the program.

BECOMES ASSISTANT DIETITIAN

MISS GRACE W. WOOD April 24, 1930

Miss Wood, daughter of Mrs. Erik Johnson, 3 William street, Fairhaven, has assumed, since March 1, duties as assistant dietitian at the Harrisburg hospital, Harrisburg, Pa. Previous to accepting her new position, Miss Wood had been spending the winter with her uncle, Dr. William White, Baltimore, Md. Miss Wood is a graduate of Fairhaven High school and Lesley school, Cambridge.

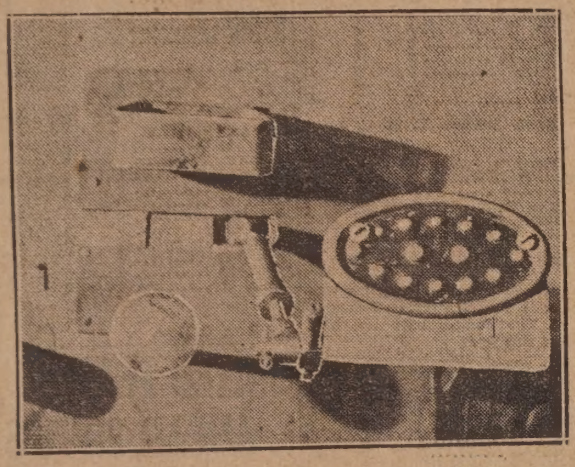
PAIRPOINT GLASSMAKERS DEVISE SAFETY THROTTLE DEVICE



Contrivance Unites Brake and Accelerator Action

Feb. 2, '30

Robert M. Gundersen, New Bedford (lower left), and Michael F. Krebs, Padanaram (lower right), heads, respectively, of the glass blowing and moulding departments of the Pairpoint corporation, have jointly patented the device illustrated here enabling an automobile driver to keep his foot on the brake pedal at all times and yet control the accelerator simultaneously. Upper left, the contrivance is thrown out of line, checking the flow of gas when the brake is applied. Upper right, with the brake released, the driver's foot rides the pedal and by a slight sideways motion against the little roller touching the sole of his shoe, controls the gasoline feed to the engine. White lines are drawn across each photograph at coresponding points to accentuate the differences in position and angle. Lower center, the device as it attaches to the brake pedal.

TEACHER TO WED IN WEST

April 13, 1930

Mrs. Lillian T. Thomas, Retiring from Parker Street School Staff, to Be Bride of William H. Pasell, Friend of Childhood, at Oklahoma City This Month

Plans for her marriage to William H. Pasell, Oklahoma City, were revealed Saturday by Mrs. Lillian T. Thomas, 38 Park street, whose retirement after many years of teaching in the New Bedford public schools was recently approved by the School committee, effective as of April 25. Mrs. Thomas began her teaching career in New Bedford in 1886.

She leaves for Oklahoma the latter part of this month and the ceremony will take place immediately upon her arrival there, although the date is not yet definitely set.

The bride and bridegroom-to-be are friends of long standing, having known each other since childhood. Mr. Pasell was formerly of this city, and is the brother of Mrs. Frank Taylor and of George Pasell. He has been in Oklahoma for several years employed as a rigger.

WHO'S WHO

Casual observation of these twins shows the principal difference between them to be that Paul Dupin (right) wears his military cap at a little different angle than his brother, Eugene. They are the sons of Mr. and Mrs. Eugene P. Dupin. Mr. Dupin is head of the French department at the High school, which both boys attend. Apr. 27, 1930

CELEBRATE 25 YEARS OF MARRIAGE

Dinner, Entertainment, Mark Event

April 20, 1930

At the silver wedding of Mr. and Mrs. John A. Heap, 154 Tinkham street. The couple with their twin daughters are shown at the top. They are, left to right, Viola, Mr. and Mrs. Heap, and Gladys. At the bottom are waitresses at the banquet featuring the celebration: Mildred and Lily Fallows, Hilda Crowther, Laura Heap, Jennie Fallows, and Viola and Gladys Heap.

HIGH SCHOOL ACTORS DRILL FOR PLAYS

ARCHERY SKILL GAINS HER PRIZES

Mrs. Raymond F. Hodgdon Wins at Meet

April 21, 1930

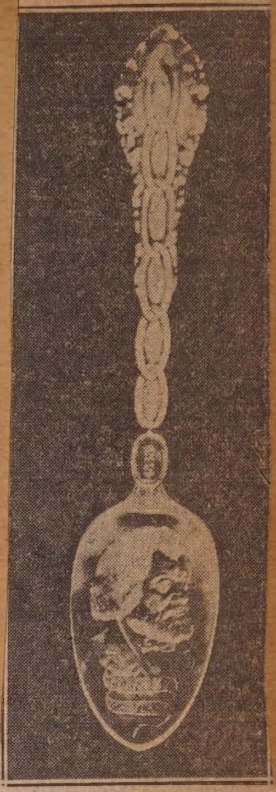
Two loving cups and two ribbons were brought back by Mrs. Lillian Hodgdon, wife of Raymond F. Hodgdon, 37 Ryan street, from an archery meet sponsored by the Newton Archery club at Newton Center Saturday. Mrs. Hodgdon won the Ruth S. Dick cup for high score in the Columbia round for women in the morning. Her figures were 66-396. In the afternoon, competing with both men and women in the American round, she captured the Cummings cup by a score of 807 after starting with a handicap of 440. The ribbon awards were for the same events. Mr. Hodgdon tied with J. P. Eagan, Worcester, for the A. W. Dick cup for men. The Hodgdons have been ardent archery enthusiasts for more than a year and a half.

STARTING ON AERIAL HONEYMOON

Mercury Apr 21, 1930

The wedding party starting on its aerial honeymoon. Left to right, they are Mr. and Mrs. Napoleon Tetreault Jr., who had wanted to be married in the air, and their attendants, Mr. and Mrs. Louis Mello.

HONORS DOUGLASS



SPOON IS ELABORATE.

Engraved silver spoon owned by Mrs. Sarah S. Gifford marks memory of Negro leader. May 18, 1930

ENGRAVED SPOON CAST AS TRIBUTE TO NEGRO LEADER

Mrs. Sarah S. Gifford Has Elaborately Marked Piece Honoring Douglas

A silver spoon, owned by Mrs. Sarah S. Gifford, 899 Rockdale avenue, bears solemn proof of the esteem in which Frederick Douglass, famous Negro leader, has been held for many years.

Recent efforts of the Twentieth Century club, to honor Douglass's memory by the erection of a tablet, caused Mrs. Gifford to delve into her silver chest and bring to light the much prized treasure.

It is the size of an ordinary spoon, coming to her indirectly from the late Dr. George F. Winslow, retired rear admiral, who had seen many years service in the Medical corps of the U. S. Navy.

A likness of the Negro leader is engraved in the bowl of the spoon, and on the handle is engraved a chain, each link containing a date relating to some important event in his life as follows: 1817, date of birth; 1838, escape from slavery; 1841, Nantucket; 1863, member of 54th regiment; 1872, elector at large; 1877, U. S. minister to Haiti; The last links is broken and states the date of his death, 1895 Washington. A cotton blossoms design is interwoven between the links.

CUPULA GOES TO OBLIVION TO JOIN AGED OIL CASKS

Cooper Shop Makes Way for Garage

May 18, 1930

Shewing four views of the old copper shop and a corner of the yard at the former oil works of William A. Robinson and Company, Inc., South Water, Walnut and Front streets, to be the site of a garage for the New England Telephone and Telegraph company. The south part of the property, extending the entire frontage on Walnut street from Front to South Water street, is to be the site of the garage. To make room for the new structure, the stone cooper shop shown here has been demolished. The first picture at the left at top shows the old cupula about to begin its descent, in the next picture it is on the way, and in the third picture at the right the structure is reaching the ground in a cloud of dust. Wilbur G. Sherman, interested in reclaiming whaling relics of the past, is shown in the lower picture. These oil casks, of which there were hundreds about the plant, have history behind them. Many have treversed the oceans of the world. Several persons interested in preserving these reminders of past glories have had casks carted to their home yards, but the hot sun makes them ooze oil to an unpleasant extent.

PRESIDENT'S WIFE WRITES TO GIRLS HERE

May 29, 1930

THE WHITE HOUSE
WASHINGTON

My dear Miss Hall:

I am so thrilled to have the picture of the group of Girl Scouts of New Bedford! I realize what perfectly splendid Friends Girl Scouts would make,- and what perfectly splendid Girl Scouts Friends would make!

This reminds me of the times when I was just their age and used to dress up in old Friends' garb for various more or less serious occasions,- once I remember was a celebration of Whittier's birthday at school.

Since I have this photograph in my Girl Scout collection, I am sending these Girl Scouts of New Bedford one for their collection!

Yours sincerely,

Lou Henry Hoover

May 23d, 1930.

New Bedford Girl Scout Quakers Captivate Mrs. Hoover

Miss Emma R. Hall, New Bedford Girl Scout commissioner, sent a copy of The Standard's recent photograph of eight New Bedford Girl Scouts, taken in authentic Quaker costume on the steps of the venerable New Bedford Friends meeting house, to the wife of our Quaker president, who is honorary national president of the Girl Scout organization. The pictures above show what Mrs. Hoover sent the New Bedford group in return. The eight girls were New Bedford's representatives at the big annual review held recently in Boston, setting forth in pageantry 300 years of New England girlhood. The meeting house steps photograph by Edmund D. Ashley of The Standard staff has won much praise in state and national Scout circles.

Mrs. Mary Luscomb Lawrence Observes 77th Birthday --- Friends and Relatives Call

Mrs. Mary Luscomb Lawrence, 3842 Acushnet avenue, celebrated her 77th birthday at her home, Thursday. She received relatives and friends during the afternoon and evening.

Among her gifts were six filled maybaskets and a large birthday cake made by Mrs. Henry Lawrence. Mrs. Lawrence enjoys good health and walks with the agility of a much younger woman. She has made a dress for herself recently. Mothers' night at the Rochester grange she was the guest of her daughter, Mrs. Mary Lawrence Hartley and was the oldest mother present.

Mrs. Lawrence's parents were Captain Leonard and Mrs. Mary Hathaway Luscomb. She was born at the Luscomb homestead, 4026 Acushnet avenue and has lived in Clifford all her life. When she was 21 years of age, she married George Lawrence in the same neighborhood and went to housekeeping at the Lawrence homestead, where she now lives. This house is 100 years old. Mr. Lawrence died 16 years ago. They had eight children, Mrs. Annie Spencer, Millbury; Mrs. Mary Hartley, Mrs. Lucy Morse, Charles, George and Elmer Lawrence all of Rochester; Herbert Lawrence, 3883 Acushnet avenue, and Miss Ellen Lawrence, 3842 Acushnet avenue, who lives with her mother.

She has 23 grandchildren and one sister, Mrs. Sarah Luscomb Gurney, 4060 Acushnet avenue, Clifford.

MRS. CHAS. S. BAYLIES OFFERED TRIP TO FRANCE AND BACK

Mercury: Apr. 25, 1930

French Steamship Line, in Communication, Says It Would Be Pleased and Highly Honored if Mother of World War Flyer Would Be Guest for Trip---Mrs. Baylies Undecided Whether to Accept or Not

Mrs. Charles L. Baylies of 9 Mill road, his city, on Wednesday received a communication from the French Steamship Line, offering her free transportation to France and back this summer.

MRS. CHARLES S. BAYLIES.

In the communication the French Line says that it would be highly pleased and honored to have Mrs. Baylies as a guest of the line for a trip to France and return this summer.

Mrs. Baylies is the mother of Frank L. Baylies, who lost his life in action while flying with the Lafayette Escadille in France on June 17, 1918.

As the war hero entered the war in the service of France before the United States participated, Mrs. Baylies is not entitled to the trip of the Gold Star Mothers planned by the United States government.

The American Legion Auxiliary has taken the matter up, and made some effort to try to get Mrs. Baylies free transportation with the Gold Star Mothers, but the usual red tape was encountered, and it looked as if nothing would be done about the matter.

Just how the French Line officials heard about the matter is not known but the fact is that they have offered her free transportation that she may make the trip to France.

Mrs. Baylies stated yesterday when asked about the invitation and offer, that the offer had come so unexpectedly and it was so new to her, that she had made no plans as yet. She stated that it would take her some time to make up her mind whether to accept the generous offer or not.

CENSUS SUPERVISOR ROBERT A. McINTYRE

CAR CONDUCTOR IS PENSIONED

Charles H. Gooding Ends 35 Years Service with Street Railway

Recalls Old Days of Horse Drawn Vehicles; Other Veterans Retire

After 35 years as conductor with the Union Street Railway company, Charles H. Gooding, 225 Cedar street, has been pensioned. His retirement became effective April 1.

When the veteran conductor took his first job with the company, the fare was five cents to any part of the city. At that time transfers were given for connecting routes, he recalled.

Old Days Recalled.

While reminiscing of those first days, Mr. Gooding remarked on the old Fairhave horse drawn street car. At that time, he said, Fairhaven would not permit trolley cars in the town, although they were being used by New Bedford. Consequently, the New Bedford electric car ran to Popes island, where it met the horse car. Passengers had to change at the point. Mr. Gooding was assigned to the electric car.

Mr. Gooding was, at one time or another, a conductor on most of the city routes. He spent the most time, however, on the Kempton street, Dartmouth street, and Fairhaven lines. The Fairhaven line occupied the longest period of his time. He was on that route 13 consecutive years. At the time of his retirement he was on the route from Frot Rodman to Lunds corner.

Friend Has Long Service.

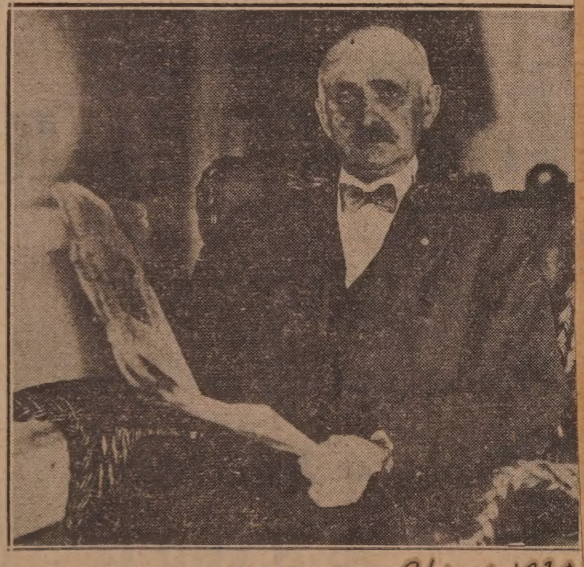
Although his official retirement did not come until April 1, he has not worked since last November, when he became ill. He recovered, however, before he was pensioned.

Samuel C. Britain, who for more than 25 years has been a friend of Mr. Gooding, has been in the service of the railway company 36 years during which he was a motorman. Following the death of his wife, 25 years ago, Mr. Britain took up residence with Mr. Gooding and has lived with him since. He has been confined to his home with illness since last Thanksgiving.

Others Pensioned.

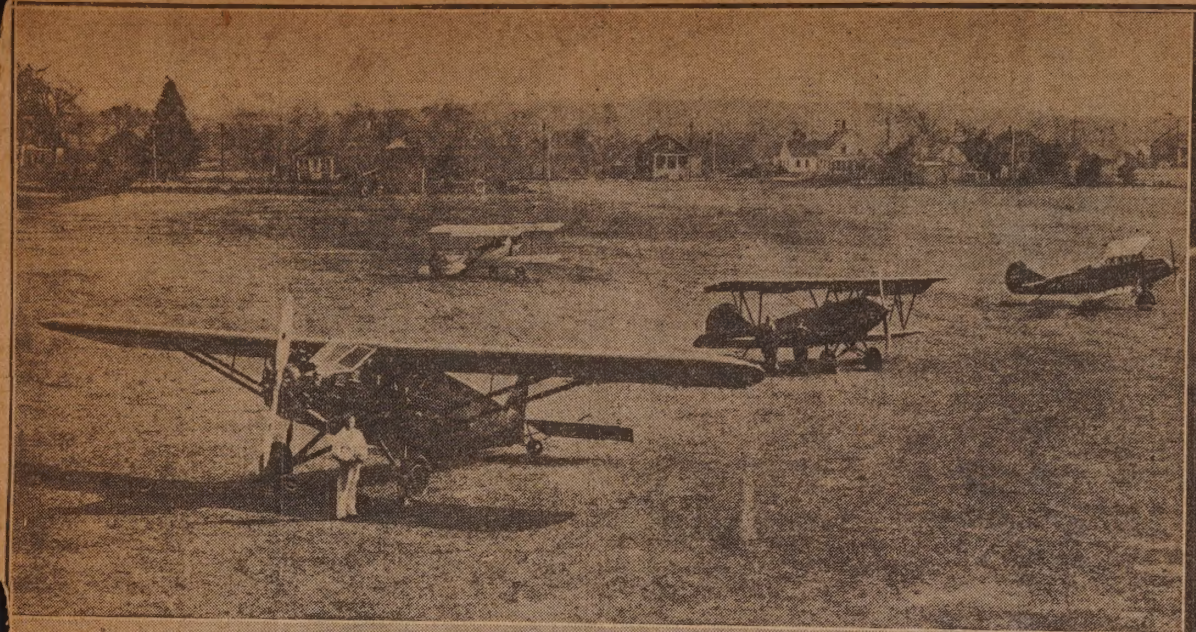
Other men who have been pensioned recently by the Union Street Railway company are Charles E. Anthony, 695 Cottage street, 29 years service; Michael J. Hurley, 49 Vine street, 23 years service; Walter S. Brown, 950 Pleasant street, 27 years service; and John M. Lemos, 250 Davis stret, 23 years service. To be eligible for special pension the men must have had at least 20 years service.

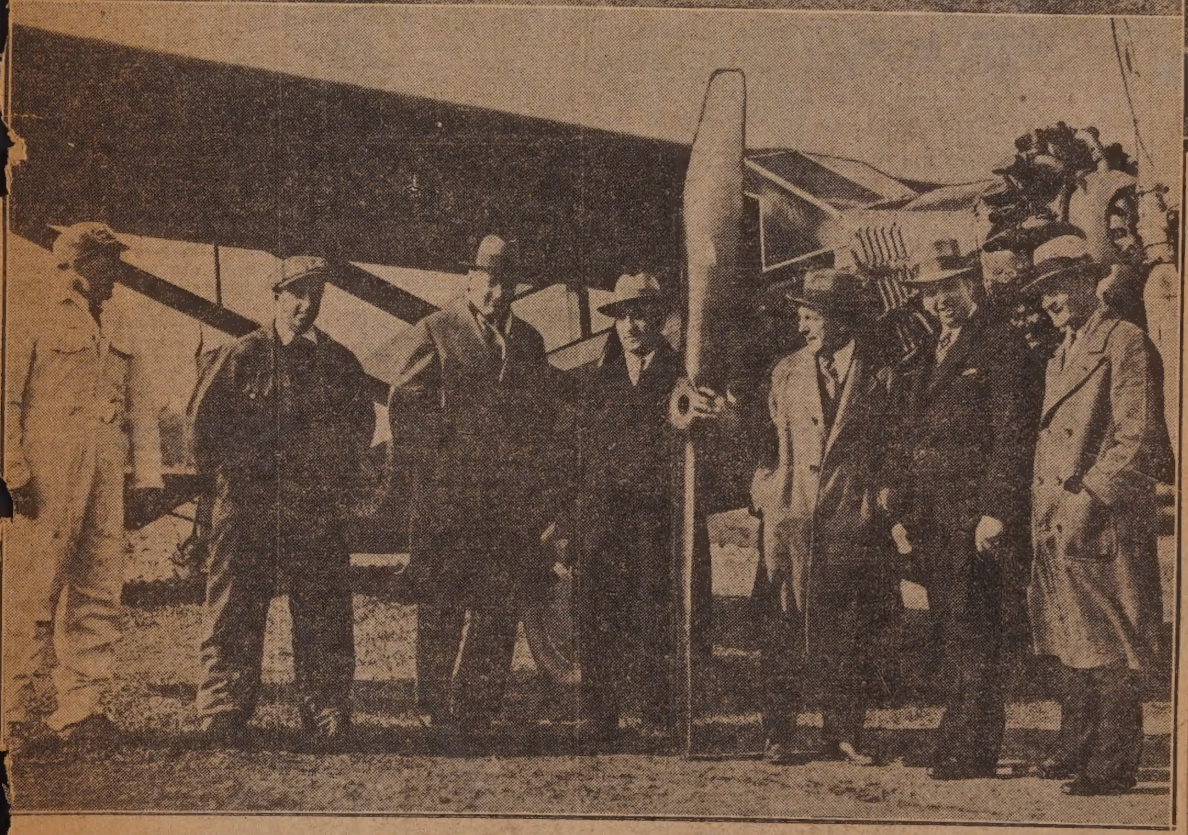
RETIRES AFTER 35 YEARS



CHARLES H. GOODING Apr. 10, 1930

PREPARING FOR AERIAL SHOW TO DEDICATE SOUN





Engraved Propeller to Honor Frank L. Baylies April 13, 1930

Landing field, hangars and planes are all being put in readiness at Sound Airways, Inc., Fairhaven, in preparation of the aviation show and field dedication April 19 and 20. Four of the company's planes, and a corner of the landing field are shown in the upper left picture. The size of the big six-passenger cabin plane may be judged by the comparative size of the mechanic standing under one wing. In the upper right Mechanic George Bentley Broome is shown tuning up one of the ships, while in the lower picture the personnel of the company is shown. Reading from left to right they are: Mechanic Broome, "Jerry" Zerbone, pupil at Sound Airways flying school; Lieutenant Harland F. Banks, in charge of the aviation show; David S. Sher, general manager; J. Edward Moore, secretary; Isaac Dawson, president and treasurer, and Henry T. Olden, chief pilot. Mr. Sher is holding the propeller on which an engraved plate, bearing the dedicatory message in honor of Frank L. Baylies, New Bedford World war pilot killed in action, will be placed. The propeller will be hung in an appropriate place in the company offices.

CHIEF McLEOD RECALLS DAYS IN LEADVILLE

Dime Novel-Inspired Youth Buys Pistol, Heads West in 1886—Wins Sobriquet of "Boots"

Jan 26, 1930

Foreword

What a razzing young Sammy McLeod would have got from the construction gangs and miners he hobnobbed with out West in the 1880's if he had prophesied that he would some day be a dignified chief of police back home in New Bedford! The years of adventure which preceded his donning of the blue uniform and brass buttons 35 years ago are described by Chief of Police Samuel D. McLeod for The Standard in his own words. The first of two installments is published today. Chief McLeod came to this city from his birthplace, Belfast, Prince Edward Island, in 1884. He went West in 1886, and returned to New Bedford six years later.

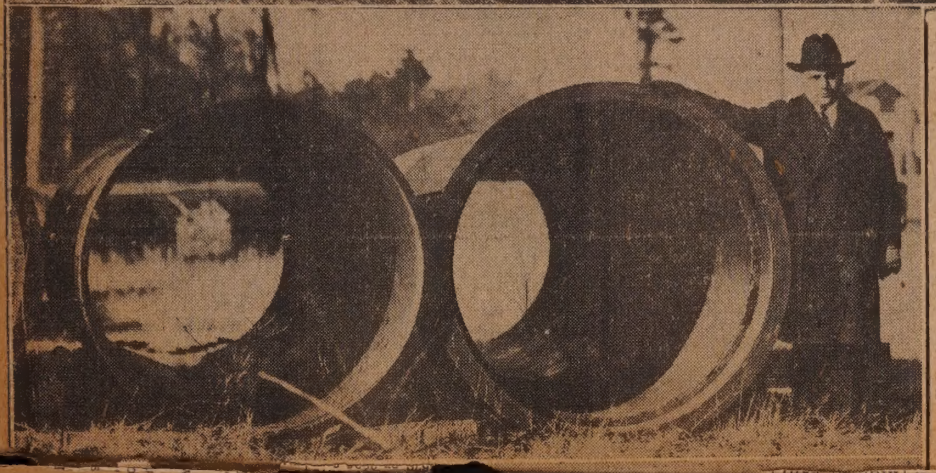
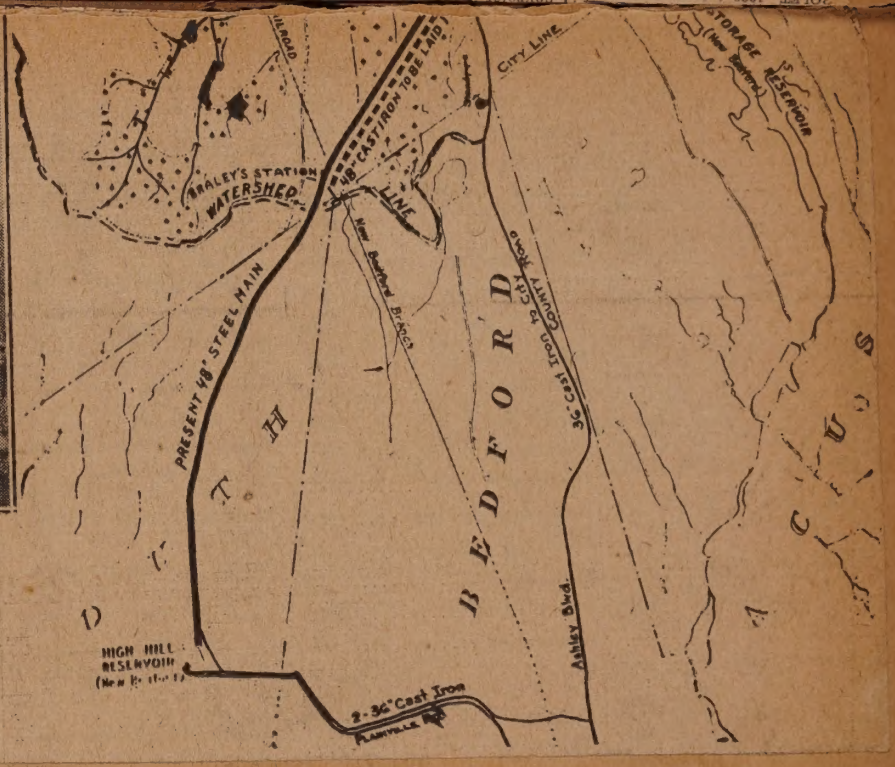
TASK OF LAYING 48 INCH WATER MAIN BEGINS

March 9, 1930





Water Department Tackles $200,000 Job

Work has been begun on the $200,000 extension of the 48 inch main which is to be laid by the Water department. These views taken by The Standard bring to the public a first hand impression of the work. Upper left, shows group of Water department workmen under Foreman Fred Anthony, who is at left foreground of picture, cutting trees in Bolton swamp previous to draining and digging for laying of pipe. Upper right shows point 325 feet west of County road where present extension ends. Antone Mello of Water department is standing on box which marks end of extension main. Center, Mr. Mello stands beside 48 inch pipe, the size which is to be used in the extension main. Lower left, first shovelful of dirt is turned at Braleys station for beginning of installation of new extension. Map shows the course of the present 48 inch force main and how much has been done on the second main. Dotted lines show route of the proposed extension which is to be laid from a point 325 feet west of County road to Braleys station.

STARS AND STRIPES MARKS BIRTHDAY APRIL 4

New Bedford Holds Prominent Place in Lengthy and Inspiring History of Old Glory

MARCH 30, 1930

Flag History Recalled

The tattered silk banner in the upper left flew from the U. S. warship Essex in the Pacific fleet in the war of 1812. It is now preserved at the Old Dartmouth Historical society museum as a bequest of Mrs. Alexis A. Julien, sister-in-law of the late Rev. Matthew C. Julien, long pastor of Trinitarian Congregational church. The flag contains 17 stars and 17 stripes. Below in the circle Miss Clara H. Carney, 128 Mill street, is holding the fragments of a flag which her father, the late Sergeant William H. Carney saved from capture in the Civil war. At that time Sergeant Carney made the now famous remark, "The old flag never touched the ground." Mrs. Emma T. Johnson, in the upper right, is holding up a flag left her by her father, the late Thomas E. Norton, sea captain and Civil war veteran. The banner has 13 stars and 13 stripes. Just what its history is or where her father obtained it, is unknown to Mrs. Johnson, who is herself a member of several veterans' organizations here. The lower right shows four comrades of R. A. Peirce Post 190, G. A. R., in a Memorial day parade, carrying the colors to the Soldiers' monument on the Common. They are: George Jenks with the American flag, Jonathan H. Smead, carrying the State colors, George P. Macomber and Captain H. H. Webber. Mr. Macomber is the only one living at the present time.

Storm Beautifies Fairhaven

Times Mar. 5, 1931

Fairhaven residents were impressed by scenes of beauty this morning when the bare branches of magnificent elm trees and shrubbery were delicately outlined with coverings of white, a gift of the storm. The above scene is on North Main street, looking north from Elm avenue.

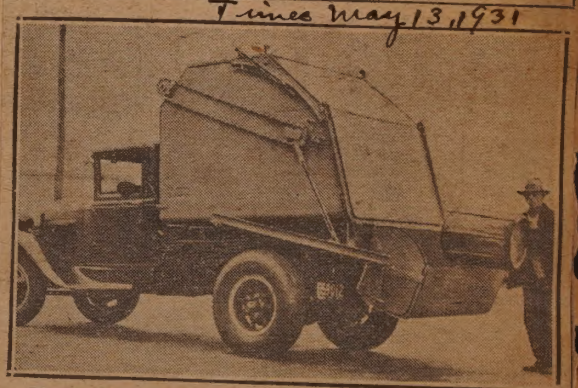
Gets New Ash Collector

Times May 13, 1931



The latest development in ash collection apparatus, the Collecto, arrived at the yards of the street department ready for operation yesterday. The department purchased just this one pictured above but if it proves as efficient as its manufacturers claim, it is expected that the ash collection division of the street department will be completely motorized. The new apparatus has a loader which can be seen at the rear into which the cans are dumped, eliminating the difficult task of raising heavy cans to empty them over the sides of dump carts. When the loader is filled, a pull on a lever lifts it to the top, which opens automatically and the ashes empty into the body.

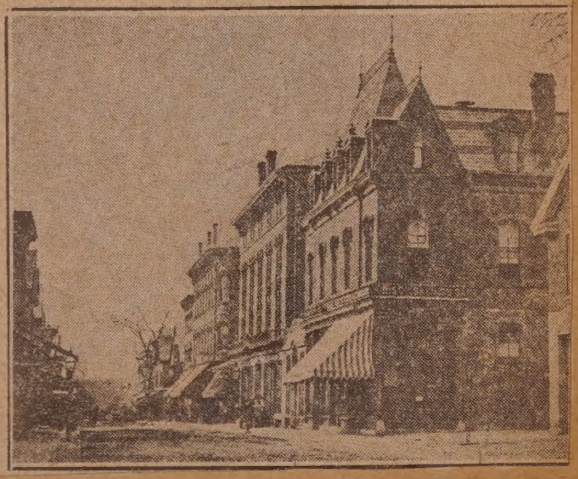
SAVINGS BANK CELEBRATES ITS 75TH ANNIVERSARY

May 2 by 1930



BANK'S FIRST HEAD

GEORGE HOWLAND JR.
President, May 5, 1835—Feb. 18, 1892.

INSTITUTION KEEPS PACE WITH CITY'S GROWTH

Milestones in the progress of the New Bedford Five Cents Savings bank depict the history of the city as well as that of the bank which was founded eight years after New Bedford received its charter as a city in 1847. Top picture shows officials and employes of the bank today; lower left, the first home of the bank in the old Marine Bank building at Second and Union streets; right, Hicks building at Purchase street and Mechanics lane which quartered the bank offices from 1870 to 1893; bottom, present home of the bank.

IRON FLOWS AND CASTINGS POUR FORTH FROM REBUILT FAIRHAVEN FOUNDRY

Feb 2, '30

IT'S SCURRY WHEN THE CUPOLA'S BEEN TAPPED

Upper right, an exterior view of a part of the concrete, brick, steel and glass pillarless structure recently completed by the Fairhaven Iron Foundry to take the place of the foundry burned to the ground last year; underneath it is an interior view showing a section of the foundry, its earthen floor stacked with molds with a new five ton electric crane riding overhead and the cupola, a black tower in the rear center, giving off the barrage of sparks that precedes the pouring off of its tons of molten iron. Bottom, moulders present their ladles to be filled with fiery metal from the bigger, 500 pound ladle into which the iron runs from the furnace. Upper left, a moulder pouring molten iron into molds he has prepared earlier in the day. For details, see the accompanying article.

merica's Greatest Painters Place New Bedford in History of Nation's Art

study of the paintings hanging in the New Bedford Free Public library reveals that many of America's great artists have lived and worked in this nd its vicinity. (1) One of the most famous is Francis Davis Millet, who was born in Mattapoisett, the son of a country physician and in after pent much of his time at (2) his palatial villa in Rome. (3) One of Millet's best known paintings is The Black Sheep, which now hangs in the lecture room. (4) Frank D. Millet and his older brother, Charles. (5) A tablet placed in front of the Mattapoisett homestead in honor of Millet, t his life in the Titanic disaster. (6) Une Pava (the wreck) by Clement Swift, and (7) William A. Wall's Birth of the Whaling Industry, two in the library's vast collection.

Old Forge Becomes Fireplace

Cape Cod houses can't stand architectural "frills," but take kindly to utilitarian features, in the opinion of Gilbert E. Boone, North Falmouth architect. The idea of using an old fashioned forge as a fireplace was suggested to him by old buildings in Europe, and was incorporated in his plans for the den of the North Falmouth residence of Phillip S Rand (1 above) Early American detail enhances Mr. Rand's living room (2 above). (3) The young architect in working garb. (4) A peasant cottage in Athie, France, ancestrally related to the Cape Cod style. (5) Provincial cottage in Broadway, England and (6) cottage in Avallon, France, which have much kinship with Cape Cod architecture. Photographs made by Mr. Boone last summer. (7) Residence of A. W. Goodnow, Falmouth, designed by Mr. Boone, following lines of the dwellings erected by wealthy Cape Cod sea captains who came under the Georgian influence in their travels. (8) typical Cape Cod cottage designed by Mr. Boone for Mr. Rand.
